<p align="center">U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Chemical Safety and Pollution Prevention Office of Pesticide Programs Registration Division (7504P) 1200 Pennsylvania Ave., N.W. Washington, DC 20460</p> <p align="center"></p> <p align="center">NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> Registration <input type="checkbox"/> Reregistration (Under FIFRA, as amended)</p>		EPA Reg. 66330-404	Date of Issuance: SEP - 8 2014 Date of Expiration: 12/31/18
		Term of Issuance: Unconditional	
		Name of Pesticide Product: Kasumin 2L	
Name and Address of Registrant (include ZIP Code): Arysta LifeScience North America 15401 Weston Parkway, Suite 150 Cary, NC 27513		Attn: Rodney Akers	
<p><small>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</small></p>			
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is unconditionally registered in accordance with FIFRA section 3(c)(5), with an expiration date of 12/31/18, provided that you:</p> <ol style="list-style-type: none">1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.2. On page 1 of the label, change the product registration number to "EPA Reg. No. 66330-404". Also complete the Net Contents section.			
Signature of Approving Official:  Hope Johnson, Product Manager 21 Fungicide Branch, Registration Division (7505P)		Continued on page 2 Dare: SEP - 8 2014	

3. Submit a qualitative summary addressing release, exposure, consequence assessments and an overall risk estimation with regard to adverse public health effects resulting from the approved pome fruit registration. The qualitative summary must be submitted no earlier than six months before the registration expiration date and be reflective of cumulative use of kasugamycin on pome fruits in all states where kasugamycin is registered and used during the time-limited registration period.
4. As required under FIFRA Section 6(a)(2), you are required to report information concerning unreasonable adverse effects, which includes information regarding resistance detection and misuse information to the Agency.
5. Submit one copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. Submit one copy of the revised final printed label for the record before the product is released for shipment.

This registration will expire, without hearing rights, on December 31, 2018, unless the registrant submits an amendment to remove the time limitation. Submission of the qualitative summary required above in paragraph 3 is important to the Agency's evaluation an amendment to remove the time limitation. Thus the Agency recommends submitting such an amendment at the same time as the required summary and not before. Upon receipt of an amendment request, the Agency will review all available information and will re-evaluate whether the registrant's product increases the risk of unreasonable adverse effects on public health. The Agency will attempt to issue its decision on the amendment request no later than the expiration date of the registration. If the Agency fails to make a determination on the amendment by the expiration date, the registration will remain in effect until the Agency makes such a determination.

The basic CSF dated 2/23/2012 is acceptable and will be added to the regulatory file. A copy of the label stamped "Accepted" is enclosed for your records. If you have any questions, please contact Shaunta Hill at 703-347-8961/ hill.shaunta@epa.gov or Hope Johnson at 703-305-5410/ johnson.hope@epa.gov.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS

For terrestrial uses: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear long-sleeved shirt and long pants, chemical resistant gloves, socks and shoes. Follow the manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables are available, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

PRODUCT INFORMATION

Kasumin 2L is a liquid formulation containing 2 percent kasugamycin. Kasugamycin is a bactericide that controls bacteria such as *Erwinia amylovora*, which causes fire blight in pome fruit.

Resistance Management:

Kasumin 2L (kasugamycin) is a Group 24 fungicide. The mode of action for Kasumin 2L is the inhibition of protein synthesis. This product should be used to treat or prevent infections that are proven or strongly to be caused by the indicated target bacteria. To reduce the likelihood of bacteria developing resistance to kasugamycin, follow the crop specific resistance management and use direction information present on this labeling. Use of this product should conform to resistance management practices / strategies established for the crop and use area, (for example the use of IPM, disease forecasting models, resistant crop varieties, etc.). Consult your local extension/crop consultant or State agricultural authority if reduced efficacy is suspected.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on the label about personal protective equipment (PPE) and notification to workers.

Do not enter or allow worker entry into treated areas during the restricted-entry interval (REI) of **12 hours**.

For early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water wear; coveralls, shoes, socks, and chemical resistant gloves made of any waterproof material, such as nitrile, butyl, neoprene, and/or barrier laminate.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

For any requirements specific to your State or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

Kasumin 2L must be applied using properly calibrated, conventional ground application equipment appropriate for the type of crop treated. Use sufficient water volume to obtain thorough uniform coverage of all plant surfaces, especially open blooms.

Additives: The addition of a wetting agent or spreader/sticker may enhance efficacy of Kasumin 2L.

POME FRUIT (APPLE AND PEAR)

Disease Control	Application Rate to Use	Application Timing and Resistance Management
Fire Blight <i>(Erwinia amylovora)</i>	64 fl oz/A	<ul style="list-style-type: none"> ▪ Apply at a rate of 64 fl oz/A in 100 gal of water. Spray volume must be sufficient to provide good coverage of treated foliage. ▪ Reduced spray volumes may be utilized for small trees where complete coverage can be obtained with a less than 100 gal of water/A. ▪ Begin applications during bloom when conditions favor disease development. ▪ Repeat applications at 3-6 day intervals or when conditions favor disease development.

RESTRICTIONS AND OTHER INFORMATION:

- Do not make more than 4 applications of Kasumin 2L per year
- Do not make more than two consecutive applications of Kasumin 2 L. If additional antibiotic applications are needed, utilize an alternate product registered for this use. Two more consecutive Kasumin 2L applications may be made subsequent to use of the alternate registered product.
- Do not apply more than 256 fl oz of Kasumin 2L per acre per year.
- Do not use alternate tree-row application method
- Do not apply more than 64 fl oz/A in a single application.
- Do not apply after petal fall.
- Do not apply Kasumin 2L within 90 days of harvest.
- PHI = 90 days.
- Do not apply kasugamycin in orchards in which the soil has been fertilized with animal waste/manure.
- Animal grazing in treated areas is prohibited. The public must be notified by posting restriction signs along the perimeter of the treatment area.
- Use only the specified and full strength application rates.

STORAGE AND DISPOSAL

Offer for recycling if available. Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a dry place away from excessive heat. Do not store near food or feed. Store in original container only.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container.

Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container $\frac{1}{4}$ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or puncture and dispose of in a sanitary landfill, or (if allowed by State and local authorities) by burning. If burned, stay out of smoke.

WARRANTY AND DISCLAIMER STATEMENT

The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Such risks may arise from weather conditions, soil factors, off-target movement, unconventional farming techniques, the presence of other materials, the manner of use or application, or other unknown factors, all of which are beyond the control of Arysta LifeScience North America, LLC ("Arysta"), and can cause crop injury, injury to non-target crops or plants, ineffectiveness of the product, or other unintended consequences. All such risks shall be assumed by the user or buyer.

Arysta warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks described above, when used in accordance with the Directions for Use under normal conditions. This warranty does not extend to the use of this product contrary to label instructions or under conditions not reasonably foreseeable to Arysta, and is subject to the inherent risks described above.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, ARYSTA DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, ARYSTA, MANUFACTURER, AND SELLER DISCLAIM AND SHALL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE, HANDLING, APPLICATION, STORAGE, OR DISPOSAL OF THIS PRODUCT OR FOR DAMAGES IN THE NATURE OF PENALTIES, AND THE USER AND BUYER WAIVE ANY RIGHT THAT THEY MAY HAVE TO SUCH DAMAGES. NO AGENT, REPRESENTATIVE OR EMPLOYEE OF ARYSTA IS AUTHORIZED TO MAKE ANY WARRANTY, GUARANTEE OR REPRESENTATION BEYOND THOSE CONTAINED HEREIN OR TO MODIFY THE WARRANTIES CONTAINED HEREIN.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE TOTAL LIABILITY OF ARYSTA, MANUFACTURER, AND SELLER, SHALL BE LIMITED TO THE PURCHASE PRICE PAID, OR AT ARYSTA'S ELECTION, THE REPLACEMENT OF THE PRODUCT.
